

Al-Ameen Medical College at Bijapur was started during the month of September, 1984 with the untiring efforts of Dr. Mumtaz Ahmed Khan, the Founder of Al-Ameen Movement and now being nurtured by Mr. Ziaulla Sheriff, President, Al-Ameen Charitable Fund Trust and team of Trustees efficiently. Al-Ameen Medical College, Bijapur offers undergraduate courses and postgraduate courses in almost all the clinical departments. A number of students have secured placements abroad, with high percentile marks in the USMLE examination. In addition to academic excellence, students of this College have consistently performed well at different cultural, literary and sports activities. Institution has a highly qualified and dedicated faculty, both in basic and clinical departments and have received recognition at both national and international level.

In healthcare services also it has set new standards and attracts a large number of patients not only from the Bijapur district, but from the neighboring states as well. It has well developed services across all specialties and is now in the process of developing super-specialties to provide comprehensive healthcare facilities.

Al-Ameen Medical College Bijapur is committed to continuous up-gradation to provide highest standard medical education and healthcare. It is our endeavour to develop a model medical institution which is environment friendly as well as patient friendly. Total computerization, both for hospital management as well as in the administrative domain, is a step in this direction.

I invite you to browse through various sections of this site and shall be grateful for relevant comments and/or suggestions to further improve our services.
