

My Dear Students,

I extend a hearty welcome to students from all over India and many parts of the world to Al-Ameen Medical Institutions, to embark on a very special journey: A journey, which you could treat like a pilgrimage into your individual and our collective future.

We are indeed well prepared for this important occasion in this sprawling 200-acre campus amidst the historical background of the legacy of the monuments, art, architecture and the glory of the

Adil Shahi Dynasty: In our own way; in the last two decades we have been able to develop world-class infrastructure and facilities that we hope will draw many young people like you, once again to this historic city of Bijapur.

At the Al Ameen Medical institutions, you will be exposed to the best facilities and the best practices in the field of medicine. To this end, the hospital stationed within the campus will provide you the opportunity of real life experience which will help you practice the theory you study in your classrooms. Hopefully: by the end of five years, you would have become a professional and will be ready to share your learning and skills with the world.

Needless to say that we will encourage you to spend your time here in a quest that goes beyond just studies and the classroom. Go ahead; experience the culture and the history of Bijapur. Interact with students from other parts of India, other nations and cultures. Imbibe the values of the Al Ameen Movement, and prepare to leave Bijapur as a richer, better human being.

My dear students, much like the journey of life, this journey too will be no different. Some things will meet your expectation, some things will go beyond and some may even fall short. We request you to share everything you experience here with us so that when you are ready to leave, what you leave behind for the next generation of medical practitioners at the Al Ameen Medical Institutions is a journey even they would look forward to.

Best wishes,

Ziaulla Sheriff,

President- Al Ameen Charitable Fund Trust, Bangalore.
