

Introduction

Al-Ameen Medical College at Bijapur was started during the month of September, 1984 with the untiring efforts of Dr. Mumtaz Ahmed Khan, the Founder of Al-Ameen Movements. The college premises spread over two hundred acres of land on western hills of historical city of Vijayapur Karnataka, India. The main college building, administrative block, recreation hall, the play ground, basket ball stadium, boys and ladies hostels, central library, five hundred bed main hospital equipped with the modern amenities to cater the needs of people of Bijapur and surrounding areas have added beauty to the campus.

Al-Ameen Medical College is affiliated to Rajiv Gandhi University of Health Sciences, Bangalore and the college is recognized by Medical Council of India since 1994 (National Medical Commission, New Delhi). The college has started Post Graduate courses in various discipline of Medical Sciences which are also recognized by MCI. The Management and the staff of the Al-Ameen Medical College are looking forward to make the institution as one of the best medical institution of our country.
